

# BERTL'S BEST 2009

14<sup>th</sup> Annual Awards

## ***Best Print Management Audit Tools***

### **Print Audit** **Print Audit 6 Full Suite**

- Analysis-tracks 100% of business printing and saves money by spotting inefficiencies such as excessive printing
- Rules-Maintains document security and regulatory compliance by implementing rules that can prevent confidential documents from being printed or inform you when they are
- Recovery- Automatically tracks every print produced by prompting for a PIN number, project code or client number which allows all jobs to be billed properly
